### Summary:

Sociology claims to be a science. Hence research constitutes an integral part of sociology. To enlighten students on varied aspects of field work, the Department of Sociology arranged a webinar on Basic Research Methodology by Prof. Angshuman Sarkar. The beneficial effect of the webinar can be revealed in the post Weberian series of project work done by students of the department. This student webinar conducted to enhance the students skills on various research methods and design, understandings and skills. This Webinar Also focuses on various research designs, provides overviews about the designs, discusses when and how to use the designs, and offers an opportunity for the participants to ask questions and share their views. Thus we can encourage the students to participate in webinars like this on various Research Methodology issues. The webinar concluded with a question and answer session, discussions between the faculty, students and other participants. It was a very informative session and the students gained knowledge on methodology of social work research.
