Surendranath College Live

Under
DBT-Star College Strengthening Scheme (Govt. of India)

Department of Zoology, Chemistry, Botany & Physics
Surendranath College, 24/2 M.G. ROAD, KOL - 700 009.

Name of the Event: Webinar 1

Topic- Covid 19: Testing and Modeling Perspective.

Invited Speaker: Dr. Sibabrata Banerjee

Date: 05/07/2020

Time: 1-2 pm

Webinar platform: Zoom Cloud Meeting platform

Organized by: Department of Zoology, Surendranath College, Kolkata

Number of Participants: 409

Summary: The invited speaker of the webinar introduced and explained in detail about the robust and responsive testing infrastructure essential for successfully stopping the spread of SARS-CoV-2, the virus that causes COVID-19. This overview by the speaker described current information on the categories of tests used to detect SARS-CoV-2 infection and the intended strategies for use of those tests, including to diagnose infection, to screen in an effort to reduce asymptomatic or presymptomatic transmission, and to monitor trends in infection. This guidance also includes considerations for:

- Health equity in testing.
- Choosing a test.
- Interpretation of SARS-CoV-2 test results in vaccinated persons.
- Links to guidance for specific settings (K-12 schools, businesses, non-healthcare workplaces, correctional and detention facilities).
- Other considerations when deciding to test.

The webinar was attended by participants which included undergraduate, postgraduate and faculty members from different institutions. The webinar was successful in making the participants aware and informed of its purpose. At its conclusion the vote of thanks was delivered by Dr. Subhadra Roy and the feedback was collected through the filling up of the feedback form by the participants.
