Summary: This webinar was a follow-up to the previous ones. It was a very student friendly exposition of archives, museums and historical tourism, aimed primarily to help the students meet their examination related queries and clear their doubts. It is also a cause of pride because the speaker, Sri Provat Chowdhury, a research scholar in the Department of Museology of the University of Calcutta, is an alumni of our Department.

Be that as it may, the students definitely benefited a lot from this webinar.
