Webinar summary Report:

This webinar has been organised by the Department of Geography, Surendranath College on “Living in the extremities of climate change and COVID-19 pandemic through abject poverty of water resources”. The webinar was conducted via the zoom cloud meeting app. Mr. Mainul Islam was the speaker of this webinar who was a Research Scholar of Jadavpur University. At first our HOD, Mr. Balaram Pal, delivered the welcome address and then the lecture started. More than 100 participants attended the webinar. After completing the lecture near about at 12.30 pm, a question answer session was going on through our HOD. After the session, the rest of the teachers of the department give their valuable feedback and the students are also given their feedback in the chat box.
