

From the Principal's Desk

Another year, another new session-young boys and girls with aspirations and writ on their faces and gleams in their eyes as they enter the portals of higher education. At Surendranath College, we welcome you with open arm-Come, join us in our march towards empowerment, skill development, achievement, sharing and caring, as we prepare you for a bright future!

Surendranath College is one of the prestigious colleges in Kolkata. Our faculty which is highly trained is our greatest asset. They are dedicated to Research and Teaching. We have highly motivated Technical and Administrative staff. The entire team strives towards creating confident citizens of tomorrow. Much remains to be accomplished. We cannot rest on laurels of yesterday; we must have concern for tomorrow's generation. We have to think ahead of our times. With reasonably good students strength, for total of 24 Undergraduate Departments in the Conventional Courses, 04 supporting Professional Courses and 1 Post Graduate course, the efforts are directed to accommodate and address the expectations of each student by the way of enabling them to

participate in seminars, workshops organized in and out of the institute. I feel happy when my bright and talented students perform remarkably well. However, what makes me happier is that when weaker students from rural backgrounds progress steadily to perform better, marching and moving towards excellence. At Surendranath College, We believe that we are here to make a difference. We ensure students get opportunities to explore and learn, to experience and recount, to discuss and debate, to play and act, to sing and dance-in fact all the things that make a college vibrant! We thus, live up to our byline 'Beyond the Classroom.....'

The College has N.C.C and N.S.S to provide the students with a platform to work together, thus improving their skills and making them understand their strength. Our endeavor is to see that this college leaves a measurable impact on the society at large.

My dear students, college life are a gateway to your bright future. Enjoy it but use it wisely. Realize your strength; work on your weakness; with hard work and determination build the edifice for the grand success tomorrow. In all this, remain true to yourself and you will definitely realize your dreams one day.

We look forward to welcoming you aboard and here's wishing you a bright future.....

OUR MISSION

The mission of the college is to inculcate love of knowledge and provide holistic education to the student coming from every stratum of the society, so that they emerge as true human beings who can make significant contribution as a responsible citizen of tomorrow. In order to achieve this the college coordinates the activities of the teachers, students and other staff members to ensure smooth functioning and all round development of academic as well as other curricular activities.

-  *To become a centre of excellence in higher education.*
-  *To excel in all areas of teaching learning, research and consultancy.*
-  *To be a bridge between the rural-urban divide, taking the benefits of value-based quality education to the poor and marginalized, aiming at their empowerment.*
-  *To promote and practice inclusive growth.*
-  *To provide equal opportunities to the deserving and meritorious students irrespective of Caste and Creed and gender.*
-  *To promote cultural and communal harmony.*
-  *To make our institution a significant knowledge contributor in transforming our nation from a developing to a developed one by acting as responsible and concerned citizens and to make this world a better place.*

VISION

Keeping with the legacy of our founder Sir Surendranath Banerjea, a noted social reformer and educationist, the College is committed to imparting, sustaining and fostering all-round holistic and quality education to the students coming from every stratum of the society so that they gather knowledge as well as employable expertise and grow up as responsible global citizens of tomorrow. The institution envisages evolving, improving, upgrading and remaining committed to its laurels of heritage in conformity with the immortal words of the *Upanishada*, namely “*Damyata*” or Restrain, “*Datta*” or Sacrifice and “*Dayaddhayam*” or Generosity which have been enshrined in the College emblem, and also with modern outlook to make the college a centre of excellence for higher education and research.

Here was a man who could work out modular equations and theorems...to orders unheard of, whose mastery of continued fraction was... beyond that of any mathematician in the world, who had found for himself the functional equation of zeta function and the dominant terms of many of the most famous problems in analytical theory of numbers; and yet he had never heard of a doubly periodic function or of Cauchy’s theorem, and had indeed but the vaguest idea of what a function of complex variable was...”

DEPARTMENT OF MICROBIOLOGY

Department of Microbiology of Surendranath College started its journey in the year 1999. Initially the college received an approval of 20 seats from University of Calcutta. Just one year previous to that Molecular Biology (General) was introduced to the college with one government approved post each of a teaching and a non teaching. However, despite request from the college, government did not sanction any post for the honours Department of Microbiology. As a result the two Departments, (Molecular Biology and Microbiology) runs in amalgamation with each other sharing all the resources. The Department, from the date of its inception is housed at the third floor of the Science building with two laboratories cum lecture rooms and one classroom. Presently, two more laboratories cum class rooms has been added. The entire Department including the teachers' room is air-conditioned. The Department possesses all necessary instrument and infrastructure to cater to its students. Initially the Department used to run with the help from faculties of other bioscience Departments. Almost every year students of this Dept. go abroad for pursuing Ph.D. after completing M.Sc. At least 8 students are abroad either have completed Ph.D. or ongoing. Numerous have completed Ph.D. and are established in their respective fields. Homely atmosphere, free interaction between teachers, students and non teaching make this Department exclusive for making the students a responsible citizen of future.

DEPARTMENT OF PSYCHOLOGY

The Department of Psychology was established on 10th September, 2001. The department offers a Honours Degree and no degree in the General Course. The subjects which are offered as combinations: (B.A. Degree) General papers are: Sociology, History & Philosophy. (B.Sc. Degree) General papers are: Zoology & Physiology. The department has two laboratories with certain sets of instruments (on an average) per practical topic. The students access the books from the general library of the college. The library has about 169 books in psychology at present. Over the past 5 years the department has gradually acquired the various instruments required for practical work and the different subject-relevant books. Academic and personal counselling of students is carried out from time-to-time depending on the needs and problems of the individual student. Apart from any noticeable deterioration in academic performance, the teachers make an effort to identify any manifestations of underlying psychological problems. Such manifestations include absenteeism, fear of approaching teachers, lack of interaction with classmates, improper behaviour in the classroom and so on. Thereafter, an effort is made to interact with the student on a one-to-one basis and to try and help him/her cope with his/her problems in a healthy way. The Department of Psychology had newly introduced a Counselling Cell for the students of B.A./ B.Sc./ B.Com Part- III for providing guidance and helping them with their career assessment. This cell operates on every Saturday between 11.00a.m to 2.p.m.

A framework of the plan of action of the department for the next five years is as follows:

- *Inviting experts in the subject from elsewhere to come and interact with the students and teachers and look into topics and sub-topics being taught as well as the method of teaching followed. Thereafter, seeking their expert advice and guidance and applying the same to teaching-learning sessions.*
- *Holding faculty meetings as well as teacher-student interactive sessions for the proper enhancement of classroom teaching.*
- *Conducting group discussions on topics on a regular basis.*
- *Assisting students to gather relevant information about a topic and arranging for them to conduct classes from time-to-time.*
- *Enhancing laboratory facilities through purchase of instruments.*
- *Organizing a seminar library in the department.*
- *Through such above mentioned means the teachers of the Department will try to meet the challenges and growing demands of upcoming future of this subject.*
