IT and E-maintenance Policy

1. IT Policy is being documented for fair and transparent academic purpose for use of various IT resources in the Campus for Students, Faculty, Staff and Management.

2. Due to the policy initiatives and academic drives, IT resource utilization in the Campus has grown in the last 4 years.

3. To provide all required IT resources as per the academic programs laid down. Also, to introduce new IT technologies which will benefit the students.

4. To achieve timely upgradation, replenishment, repairing and replacement of resources and sources

5. To receive uninterrupted and smooth functioning of physical, academic and support service facilities.

6. To have optimum utilization of facilities in order to have effective college functioning.

7. To sensitize the students the importance of e waste collection drive.
