

## CVAC: CONSTITUTIONAL VALUES AND FUNDAMENTAL DUTIES

In the current CCF syllabus a course on Constitutional values and fundamental duties have been introduced. There are various reasons why this course is important and relevant in the current times.

The main aim of the course is to enrich students with the knowledge of the Indian constitution and to understand its significance and its relevance. It also aims to develop awareness about the basic values embedded in the constitution particularly to recognize the importance of fundamental duties enshrined in our constitution.

The course also looks at important concepts which define our constitutional values such as justice, liberty, equality and fraternity. It also analyses the basic tenants in the preamble of our constitution such as sovereignty, socialism, secularism, democracy and republic. It also looks at the concepts of rule of law, and federalism.

Hence this course is highly significant and relevant in the current scenario as it aims to inculcate basic values and ideals of our constitution amongst the students. The study materials of the CVAC courses are already available in the college website, the college aims to start the CVAC course in online mode after the puja vacations.
